No liniment stands higher in the estimation of those who know its real value than Chamberlain's Pain Balm. There are thousands who feel that they cannot get along without it and always keep it in their homes. The pain from cuts, burns, bruises and like injuries is promptly relieved by its use and the injured parts quickly healed. Sold by all Dealers and Druggists, Benson, Smith & Co., Ltd., Agents for Hawaii.

## LARGEST SAILING SHIP.

The Rickmers, the largest sailing ship in the world, is now in course of construction at Geestmunde for the Rickmers company of Bremen. The vessel will be a five-masted bark of 11,350 tons displacement with a dead weight carrying capacity of 8000 tons and will have a length of 441 feet. She will have auxiliary power consisting of triple expansion engines of 1000 horse-power placed amidships with coal bunkers of 605 tons capacity. Her auxiliary power will be put into play on entering and leaving ports and during calms and she will have a speed under steam of six to seven knots. There will be a double propeller, with two branches, the four blades of which will fold into a vertical plane when not in use.

## SAIL TODAY.

Strmr. Claudine, Parker, for Maui ports, 5 p. m.  
 Strmr. Kinau, Freeman, for Hilo and way ports, 12 m.  
 Strmr. W. G. Hall, S. Thompson, for Kauai ports, 5 p. m.

## The Sugar List.

Kauai—K. S. M., 7000; Diamond W., 2100; M. A. K., 21,000; G. & R., 1217; M. B., 24,616; K. P., 14,600; G. F., 9314; P. L., 5045; H. M., 21,422; M. S. Co., 17,435.  
 Hawaii—H. S. Co., 1700; P. S. M., 3000; Diamond H., 900.

## SHIPPING NOTES.

The Petrel arrived at San Diego yesterday.  
 Clarence Macfarlane, who went to Hilo in his launch, arrived there safely on Sunday.

The training ship Ranger will stop here in May on her way to Manila where she will be the Filipino training ship.

The army transport Sherman arrived at San Francisco Sunday and the Logan sailed from Manila for this port via Nagasaki Saturday.

The Claudine from Kahului brought the following cargo: 8831 bags sugar, 36 bags rice, 166 bags paila, 55 hogs, 21 hides, 129 packages sundries.

The Oregonian was to have sailed from Kahului last night for Delaware Breakwater. The American will sail from this port for Kaanapali Wednesday.

The Iroquois will go out to Midway next week visiting all the other islands of the group on the way to see if shipwrecked sailors may be on any of them. Captain Niblack will do some survey work at Midway in connection with the proposed harbor improvement.

The British steamer Indrapura, which has been chartered by the Occidental and Oriental Steamship Company to carry freight to the Orient, left San Francisco April 5 with a full load. It is difficult to get steamers enough to carry American products to the Orient.

The hull of the Peary Arctic Club steamship which was launched at Bucksport, Me., on March 24, was taken to Portland next day in tow of the tug Portland. The machinery, boilers, masts, fittings, etc., will be placed aboard her at Portland. The hull was built under the personal supervision of Captain Dix, of the firm of McKay & Dix, of New York. The vessel has been named "Roosevelt."

The cruiser Buffalo has arrived in San Francisco from San Diego, where she has been with Admiral Goodrich's squadron. She is to be thoroughly overhauled and her men have been transferred to the army transport Lawton which is to be used as an auxiliary cruiser while the Buffalo is being repaired. Most of the Buffalo's officers have been assigned to duty at Mare Island.

We have received, through the courtesy of Mr. James H. Manceor, Principal Surveyor for the United States, a copy of Statistical Tables for 1904, published by Lloyd's Register of Shipping. These tables show that the total addition of steam tonnage during the year has been 1,080,148 tons gross; and of sailing tonnage, 34,255 tons gross; or, in all, 1,114,403 tons gross. About 84 per cent of the tonnage added to the Register consists of new vessels, nearly all built in the United Kingdom. The largest items among the other additions to the Register are those of vessels transferred from foreign countries and from British Colonies to the United Kingdom. These together amount to 60,475 tons, or about 54 per cent of the total. The gross deduction of steam tonnage from the Register amounts to 504,228 tons; and of sailing tonnage, 106,422 tons; or, in all, to 610,650 tons. About 38 per cent of the steam tonnage, and 52 per cent of the sailing tonnage, included in these figures, have been removed on account of loss, breaking up, dismantling, etc. The tonnage transferred to foreigners during 1904 amounts to 323,175 tons. During 1904, 617 new vessels of 1,157,224 tons, have been classed by Lloyd's Register. Of these vessels, 577 of 1,142,287 tons are steamers, and 40 of 14,937 tons are sailing vessels. Practically all the tonnage classed has been built of steel. Sailing tonnage, which formed 25 per cent of the total tonnage classed in 1891, has fallen to about 12 per cent of the total classed in 1904. These as well as other statistical items are clearly set forth in detail in the tables.

No liniment stands higher in the estimation of those who know its real value than Chamberlain's Pain Balm. There are thousands who feel that they cannot get along without it and always keep it in their homes. The pain from cuts, burns, bruises and like injuries is promptly relieved by its use and the injured parts quickly healed. Sold by all Dealers and Druggists, Benson, Smith & Co., Ltd., Agents for Hawaii.

## WEEKLY CROP BULLETIN.

For the Week Ending April 15, 1905.

Honolulu, T. H., April 17, 1905.

## GENERAL SUMMARY.

On account of the cool nights, temperatures during the past week have averaged somewhat below the normal for this season. Rather steady trade winds have continued, with partly cloudy weather and showers.

In Hawaii, the rainfall has been abundant in the Puna and Hilo districts, and sufficient in all other sections except Kau, where, however, light showers have increased the water supply and have freshened the crops to a moderate extent. Cane and pastures are in fairly good condition, and the condition of grazing stock is improved. An exceptionally fine blossom has been brought out on the Kona coffee by the recent rains.

In Maui, good rains have fallen in nearly all section, and cane, pastures, and crops generally are in good condition. Barley is heading well, corn is in flower, and early potatoes are maturing with a good yield.

The drought in Oahu has at last been broken by copious showers, which have been quite general and have averted the impending water famine in the city of Honolulu. The increased water supply will also be very beneficial to cane and pastures, and the condition of coffee on the windward side of the island will now improve rapidly.

In Kauai, the rainfall has been confined to windward sections, but has relieved the drought situation somewhat in the eastern portion of the island.

## REMARKS BY CORRESPONDENTS.

## ISLAND OF HAWAII.

Kaunaloa—Showery weather; ground saturated, and streams filling up; crops and pastures doing well; harvesting cane, clearing and plowing land, and planting cane; leafhoppers doing damage to cane for crop of 1906.—J. E. Gambleton.

Hilo—Warm, showery weather.—L. C. Lyman.

Papaikou—Weather all that could be desired for growing crops and plantation operations; grinding cane; plowing and planting.—John T. Moir.

Pepeskee—Just enough rain, and everything coming along nicely; plowing and planting; cutting and grinding cane.—James Webster.

Honoum—Good growing weather all week; harvesting and planting.—Wm. Pullar.

Hakalapa—Good growing weather; plenty of rain and land well soaked, hindering planting; harvesting cane steadily.—Geo. Ross.

Laupahoehoe—Showery all week; very little wind; weather getting warmer.—E. W. Barnard.

Ookala—Generally cloudy weather, with light showers and southeasterly winds.—W. G. Walker.

Paaunuu—Heavy rains on upper lands during early part of week, and light showers on lower fields; soil in very suitable condition for planting; good harvesting weather.—H. Glass.

Honokaa—Early part of week showery, latter part dry and warm; good growing weather.—C. H. Bragg.

Niuli—With considerable moisture in the soil and temperature higher during last four days, we hope soon to be able to see that cane is growing; plowing, harrowing; hoeing and stripping; grinding for three days.—Robt. Hall.

Kohala—Weather fine for all plantation operations and crops looking well.—W. O. Taylor.

Kohala Mission—A favorable week for cane growth, and for pastures.—Dr. B. D. Bond.

Puakea Ranch—Very high, drying winds on 9th and 10th; otherwise weather warmer and fine for pastures and cattle.—A. Mason.

Puuhe—Weather very favorable for stock; warm days and cool nights are rapidly improving pastures.—S. P. Woods.

Kamuela—Showery and cold during fore part of week, followed by fair and warmer conditions.—Mrs. E. W. Hay.

Puuwaawaa—Cloudy weather with light showers during early part of week.—Robt. Hind.

Kealahou—Light showers during week.—Rev. S. H. Davis.

Kealahou—Very fine blossom on the coffee, the best there has been for some years; only light showers during the week, but above the coffee belt there have been fine rains; stock improving.—Robt. Wallace.

Naelehu—Drought still unbroken; some rain in the mountains, which has aided harvesting.—G. G. Kinney.

Pahala—Light showers during week have relieved the situation somewhat, increasing the water supply and freshening the crops.—H. D. Harrison.

Kapoho—Fair and cooler weather this week, with north winds; vegetation making good growth.—H. J. Lyman.

Oahu—Rain every night; young plant cane and rattoons show marked improvement; harvesting in all sections of the plantation.—E. P. McCann.

ISLAND OF MAUI.

Kipahulu—Abundant rains during week, and vegetation shows a marked improvement; plenty of water in the mountains.—Andrew Gross.

Nahiku—Rubber company busily engaged in transplanting plants, which seem to grow very fast; trees of all kinds and garden vegetables are doing as well as could be expected; more or less rain every day.—C. O. Jacobs.

Huelo—Conditions continue favorable for plant growth; considerable rain has fallen on the mountain, streams have kept up better than during any previous week of the year, and all irrigation ditches are running full; live stock of all kinds in fair condition.—W. F. Pogue.

Haiku—Conditions favorable for pineapples and sisal; the week is ending with a copious rainfall, which will be a boon to sugar plantations; pastures green, and grazing stock flourishing.—D. D. Baldwin.

Makawao—Weather warm, with light winds and good rains; conditions very favorable for crops and pastures; barley heading well, and early corn in

flower; early potatoes free from blight and are maturing with good yield; stock steadily improving.—E. H. Bailey.

Kahului—Heavy rain during week, with moderate trades; pastures very wet, and all vegetation improving.—R. W. Filler.

Puunene—Nice showers at beginning and end of week but weather still cold at night; no pumping; harvesting of cane proceeding rapidly.—J. N. S. Williams.

Wailuku—Unsettled weather, with copious rain on 14th; streams and ditches running full; growth of rice and truck good.—Bro. Frank.

Kihui—Weather very favorable for growing cane; light showers during latter part of week, and heavy rains to windward; ditches full and all pumps shut down; fertilizing, plowing and harvesting.—James Scott.

Glowalu—Weather warm and sultry during fore part of week, with a light shower on 14th; crops making good growth; harvesting cane.—Geo. Gibb.

Kaanapali—Fine, mild weather during week, with moderate rains, growing cane and pastures improving rapidly.—Wm. Robb.

ISLAND OF OAHU.

Waimanalo—Weather warm during week, with a light shower on 13th and a good rain on 15th.—A. Irvine.

Manawili—Weather changed on 13th, and most beneficial rains have fallen since; coffee improving rapidly.—John Herd.

Ahihi—Dry weather during fore part of week, followed by abundant showers during last two days; pastures and forage crops in good condition.—E. Knust.

Waianae—Much warmer weather this week, although evenings have continued rather cool; cane in good condition and growing well.—F. Meyer.

Wahiawa—Fine rain during day and evening of 15th will be of great benefit to growing crops and pastures; rain has been general in mountains, and all streams are full; pineapples looking very well.—B. O. Clark.

Kahuku—Cloudy weather, with showers which have been beneficial to growing crops; pastures and grazing stock in fair condition; harvesting and grinding cane; early water-melons have made their appearance in market.—R. T. Christensen.

ISLAND OF KAUAI.

Kekaha—Continued clear and warm weather favorable to growth of cane.—Kekaha Sugar Co.

Makawili—Light winds and no rain; plowing land and grinding cane steadily.—Hawaiian Sugar Co.

FORECLOSURES.

MORTGAGEES' NOTICE OF FORECLOSURE. JAMES OLDS.

In accordance with the provisions of a certain mortgage made by the late James Olds of Honolulu, Island of Oahu, Territory of Hawaii, to Allen & Robinson, of said Honolulu, dated August 25th, 1893, and recorded in the Office of the Registrar of Conveyances, Honolulu, Oahu, in Liber 180 on pages 375-377, which said mortgage is now held by the undersigned, executors and trustees under the will and of the estate of S. C. Allen, deceased, notice is hereby given that said executors and trustees intend to foreclose said mortgage in accordance with the terms of the same and the Hawaiian Laws for condition broken, to wit: non-payment of principal and interest.

Notice is likewise given that after the expiration of three consecutive weeks from the date of the first publication of this notice, said executors and trustees intend to and will foreclose said mortgage, and will advertise for sale the property covered and conveyed thereby, and will sell the same at public auction at the Auction Rooms of James P. Morgan on Kaahumanu Street in said Honolulu, on Saturday, April 22nd, 1905, at 12 o'clock noon of said day.

Following is the description of said property: Those certain lands and premises situate in Kaneohe, Island of Oahu, described as follows:

First.—All those pieces or parcels of land situate in Waikeke, being Apanas 1 and 2 described in Royal Patent 2219, Kuleana 7115 and 7565, to Kala, containing an area of 9 1/5 acres.

Second.—All those pieces or parcels of land described in Royal Patent 1397, Kuleana 2497, to Kall, area 91-100 of an acre.

Third.—All those pieces or parcels of land in said Waikeke, described in Royal Patent 978, Kuleana 2497, to Kaneohe, area, 1.71-100 acres, the above described premises having been conveyed by Jackson B. Shumaker to said James Olds by deed dated July 12th, 1873, recorded in said Registry Office in Liber 38, pages 112-113.

Fourth.—All those pieces or parcels of land containing 2 42-100 acres, being a portion of Royal Patent Grant No. 174 to Paul F. Manini, conveyed to said James Olds by deed of Wahini Mahiai dated July 20th, 1878, and recorded in said Registry in Liber 56, pages 136-137.

Fifth.—All those pieces or parcels of land described as Apanas 3 and 4, Royal Patent 4902, Kuleana 1966, to Opu, containing an area of 31-100 of an acre, conveyed to said James Olds by deed of Wahineokai, dated November 18th, 1884, and recorded in said Registry in Liber 90, pages 253-254.

Sixth.—All
